

The February meeting was at our favorite restaurant Brennan's, located in Amherst, New York. Due to extremely low temperatures and snow we only had six members attend this meeting. The above picture from left to right,

K2RSK (Peter Liaros), WB2AIV (Bill Klepser), AA2AR (Bill Kieser), WA2WWK (Ron Gilson), WB2JFP (Jim Bala), and WA2VTI (Paul Bond). For those who worked in the two way radio field or amateurs who enjoy converting commercial equipment to the ham frequencies the picture below will bring back memories. Picture courtesy of W2JKO (Jim Kieser) who just returned from a visit to a railroad museum. Thanks Jim. Quiz what are the four lever switches on the base station?
